

TYNE AND WEAR FIRE AND RESCUE AUTHORITY
ANNUAL GOVERNANCE STATEMENT 2016/2017

1 SCOPE OF RESPONSIBILITY

- 1.1 Tyne and Wear Fire and Rescue Authority (the Authority) is responsible for ensuring that its business is conducted in accordance with the law and proper standards, and that public money is safeguarded and properly accounted for, and used economically, efficiently and effectively. The Authority also has a duty under the Local Government Act 1999 to make arrangements to secure continuous improvement in the way in which its functions are exercised, having regard to a combination of economy, efficiency and effectiveness.
- 1.2 In discharging this overall responsibility, the Authority is responsible for putting in place proper arrangements for the governance of its affairs, facilitating the effective exercise of its functions, which includes arrangements for the management of risk.
- 1.3 The Authority has had a Code of Corporate Governance in place since 2003, revised during 2015/16. The Authority has approved and adopted a code of corporate governance, which is consistent with the principles of the CIPFA / SOLACE Framework *Delivering Good Governance in Local Government*. The revised Code is available on the Authority's website (www.twfire.gov.uk) or can be obtained from the Fire and Rescue Service Headquarters.
- 1.4 In providing the Annual Governance Statement the Authority has observed and complied with the revised principles contained within the Framework of the updated CIPFA Code of Corporate Governance 2016. The Authority has well established policies, procedures and controls that satisfy all of the new requirements in detail, and the TWFRS Code of Corporate Governance is to be amended to reflect the changes made in the 2016 Framework.
- 1.5 This Statement explains how the Authority has complied with the Code and also meets the requirements of the Accounts and Audit (England) Regulations 2015 in relation to the publication of a statement of internal control.

2 THE PURPOSE OF THE GOVERNANCE FRAMEWORK

- 2.1 The governance framework primarily includes systems and processes and culture and values by which the Authority directs and controls its activities and engages with the community. It enables the Authority to monitor the achievement of its strategic objectives and to consider whether those objectives have led to the delivery of appropriate, cost-effective services.
- 2.2 The system of internal control is a significant part of that framework and is designed to manage risk to a reasonable level. It cannot eliminate all risk of failure to achieve policies, aims and objectives and can therefore only provide reasonable and not absolute assurance of effectiveness. The system of internal control is based on an ongoing process designed to identify and prioritise the risks to the achievement of the Authority's policies, aims and

objectives, to evaluate the likelihood of those risks being realised and the impact should they be realised, and to manage them efficiently, effectively and economically.

- 2.3 The governance framework has been in place at the Authority for the year ending 31 March 2017 and during the approval of the Statement of Assurance and Annual Report and Statement of Accounts.

3 THE GOVERNANCE FRAMEWORK

3.1 There is a clear vision of the Authority's purpose and intended outcomes for service users that is clearly communicated, both within the organisation and to external stakeholders:

- The Strategic Community Safety Plan draws together a shared vision, principles for action and priorities (strategic objectives). For each strategic objective, key targets have been identified. The Plan sets out explicitly the key actions and performance targets for the future, and these are clearly linked with departmental / district service plans and resources. The Plan outlines the Authority's roles and responsibilities, the context in which it operates, what the strategic priorities and improvement objectives are, how the Authority will realise its vision, what its performance improvement and monitoring arrangements are, performance indicators and a financial overview. The financial overview section provides background commentary to the issues the Authority has considered in setting the budget and in preparing the Medium Term Financial Strategy.
- The Strategic Community Safety Plan incorporates our Integrated Risk Management Plan (IRMP) actions which recognises the risks within the Authority boundaries that are identified in the Community Risk Profile and need to be addressed, and ensures that the available resources are targeted at these risks.

4 REVIEW OF EFFECTIVENESS

- 4.1 The Authority has responsibility for conducting, at least annually, a review of the effectiveness of its governance framework including the system of internal control. The review of the effectiveness is informed by feedback from Members and the work of all senior managers within the authority who have responsibility for the development and maintenance of the governance environment, the Internal Audit Annual Report, and also by comments made by the external auditors and other review agencies and inspectorates.
- 4.2 The process that has been applied in maintaining and reviewing the effectiveness of the system of internal control includes the following:

The role of the Authority:

- Elected Members have participated in the annual review of the Authority's Corporate Governance arrangements
- The Chair of the Authority, the Chief Fire Officer and the Strategic Finance Manager have overseen the review and signed the Annual Governance Statement.

The role of the Strategic Management Team:

- The findings of the Annual Governance Review have been reported to the Strategic Management Team for their consideration and comment.

The role of the Governance Committee:

- The findings of the Annual Governance Review have been reported to the Governance Committee. Under their Terms of Reference the Governance Committee has satisfied themselves that the Authority's

assurance statements, including the Annual Governance Statement, properly reflect the risk environment and any actions required to improve it

- There is a system of scrutiny delivered through the HR Committee, Governance Committee and the Policy and Performance Committee including scrutiny of:
- The effectiveness of corporate governance arrangements
- The Authority's treasury management policy and strategy, including the annual borrowing and investment strategy
- Organisational performance
- Potential for future changes in service provision based on relevant performance information, risk analysis and changes in economic, social and environmental conditions or statutory requirements.

4.3 All Area Managers have participated in the annual governance review relating to their areas of responsibility by providing Controls Assurance Statements relating to their area of responsibility, following consideration of their department heads' detailed self-assessments / questionnaires.

4.4 Internal audit planning processes include consultation with the Principal Officers, reviews of the Strategic Community Safety Plan / Integrated Risk Management Plan and the Corporate Risk Profile. Audit work is risk based and includes risks in relation to the achievement of Service objectives, and Internal Audit Services carry out regular systematic auditing of key financial and non-financial systems.

4.5 External audit is now undertaken by Mazars, a private company appointed by the Audit Commission for this purpose. The Annual Audit Letter gives independent assurance of financial control and Value for Money (including financial resilience and the overall efficiency and effectiveness of the Authority).

4.6 In the latest Annual Audit Letter covering 2015/16, Mazars issued an unqualified conclusion on both financial arrangements and Value for Money, and identified no significant weaknesses in the Authority's arrangements for internal control. Their report included comments that:

- The Authority has made good progress in addressing the financial challenges from public sector austerity and has a proven track record of delivering planned budget reductions.
- The Authority has a range of earmarked reserves for specific plans and projects that will help the Authority to deliver its priorities whilst recognising that reserves cannot routinely be used to sustain services The Authority has delivered significant savings in recent years, aiming to do this whilst minimising the impact on service delivery. In 2015/16 savings were delivered and in addition there was an underspend against budget. Further

savings are planned in 2016/17 although there is a shortfall in available resources which is being funded from reserves.

- The Authority uses its Intergrated Risk Management Plan (IRMP) – 2013/2017 process to deliver significant changes to the service. An update report in February 2016 provided progress against these actions whilst noting that a projected shortfall in resources of £2.8m over the medium term (2016/17 to 2019/20) had been identified that would be the subject of further IRMP actions yet to be developed. Overall, the Authority has responded well to the financial pressures it has faced, at a time of unprecedented reductions in public sector spending, and has a strong track record of delivering savings and keeping within budget.
- During the course of the audit we did not encounter any significant difficulties and we have had the full co-operation of management. In all significant respects, the audited body had proper arrangements to ensure it took properly informed decisions and employed resources to achieve planned and sustainable outcomes for taxpayers and local people.

4.7 It is considered that the Annual Audit and Inspection Letter provides reassurance that the Authority's overall governance and control arrangements are satisfactory.

4.8 Findings of external bodies / audits are collated, acted upon and monitored by the Strategic Management Team.

5 ASSURANCE STATEMENTS

5.1 The Strategic Management Team, the Authority and the Governance Committee have advised us of the findings of the review of the effectiveness of the governance framework, and an action plan has been agreed for the continuous improvement of the Authority's Corporate Governance and Internal Control Arrangements.

5.2 We propose over the coming year to take steps to implement the action plan to further enhance the Authority's governance arrangements. We are satisfied that these steps will address the need for improvements that were identified in the review of effectiveness and will monitor their implementation and operation as part of the next annual review.
