

INTEGRATED RISK MANAGEMENT PLAN (IRMP)

2021 - 2024

Tyne and Wear Fire and Rescue Service (TWFRS) are currently seeking feedback from residents of Tyne & Wear about the following four proposals, which are in connection with the Integrated Risk Management Plan (IRMP) consultation.

The potential changes to TWFRS would be implemented over the next 3 years including the creation of 54 new firefighter roles.

Please find below a link to our TWFRS website where the IRMP Consultation page can be located. Please find a moment to look over the information and take part in the online survey.

IRMP Consultation video

There is a comprehensive video located on the IRMP Consultation home page that explains in detail the whole consultation process – hopefully it will answer any questions you might have.

If you have any queries about the IRMP Consultation please use the following dedicated email address: Consultation@twfire.gov.uk

The consultation will run until 12:00 on Wednesday August 11.

Proposal One

1

To introduce an additional fire appliance at West Denton Community Fire Station.

This proposal would result in the addition of a further 4 Crew Managers and 12 Firefighter roles into the Service.

Proposal Two

2

To primary staff the Service's Aerial Ladder Platforms (ALPs).

This proposal would result in the addition of a further 8 Crew Managers and 16 Firefighter roles into the Service.

Proposal Three

3

To change the current shift arrangements at Birtley Community Fire Station.

This means the fire station would be crewed for 12 hours during the day, and fire cover will be provided by neighbouring stations at night. This proposal would result in the addition of a further 1 Crew Manager role into the Service.

Proposal Four

4

To change the current shift arrangements at Rainton Bridge Community Fire Station.

This proposal will result in the addition of a further 2 Watch Managers, 3 Crew Managers and 8 Firefighter roles into the Service.
