**TITLE / CATEGORY:** Incident Statistics – Dwelling Fires

### **REQUEST**

I'm writing to you to request information through the Freedom of Information Act regarding residential house fires in Newcastle (or wherever your parameters lie).

I would like to know the number of fires in residential houses that were reported in the last 12 months (03/08/2021 to 03/08/2022). This can include reports that were retracted, incomplete or did not need the fire service to assist.

I would also like this information to explain the following:

The number of fires in residential homes that caused fatalities

The number of fires in residential homes that caused serious injury

The number of fires in residential homes that caused irreparable damage

### **RESPONSE**

Please see 13-03.05.22 Incident Statistics – Dwelling Fires
