TITLE / CATEGORY: Engineering & Fleet – Fleet List

REQUEST

I would like to request a completely updated fleet list (2022 if possible), with all the station codes as well as callsigns used by the various appliances. For example:

Fleet Number | Make | Model | Role | Station | Station Code | Callsign

If one appliance may change callsigns, an example would suffice for example: Make - Scania, Model R240, Role - Phase 2 Appliance, Station - Reigate, Station Code - S11, Example callsign - S111.

RESPONSE
