REQUEST

I was wondering if it was possible too have the floor plans with labled rooms of old Sunderland central fire station on Dun cow street. The reason for these floor plans is for an online building project. In this project there will be NO TWFRS insignia throughout, and there wont be anything that will send the service into disrepute as this will be a contained project that will show what life might have been like back when the Metropolitan fire brigade came too be in 1974.

RESPONSE

Tyne and Wear Fire and Rescue Service do not hold this information. This information may be available from The National Archives (The National Archives).
