

Freedom of Information Request: TWFRS Fleet Details.

Date Responded: 07/08/25

Request:

Please could you provide the following details for all vehicles (owned or leased) currently operated by your Fire and Rescue Service:

- Make and Model
- Registration Mark (VRM)
- Type of Body/Use (e.g. RED/WHITE fleet, fire engine, rescue unit, support vehicle, etc.)
- Date of Acquisition
- Date of Disposal, for vehicles that have been decommissioned between 2020 and 2025

Should any of the requested information be exempt from disclosure, please provide the information you are able to release and explain any exemptions that apply.

Response:

Provided is a data table containing available details on fleet vehicles, including make and model, registration mark, category, and key dates.

You can find the full details in the fleet data table linked below.

Exemptions applied:

We do not supply details of officers' cars for security reasons.

We will not supply VINs for any vehicle again for security reasons.

We do not supply call signs or stations-based, as this is subject to change.
