

### Freedom of Information Request:

Over the 11-year report period from 01/01/2015 to 31/12/2025 there were 179 incidents involving cannabis farms.

Apart from the 97 fires, this includes False Alarms where alarms have activated and upon investigation a cannabis farm was discovered in the premise or a neighbouring house for example.

There were also 69 Special Service incidents where, as examples, water leaks have led to discovery of a cannabis farm, or the Fire Service have effected entry for the police to a premise where a cannabis farm was suspected.
